

Top 5 Reasons You Need *ergo*®

1 *A virtual receptionist feature which allows callers to either direct themselves to a certain extension or department.*

2 *No-maintenance service which reduces your costs by eliminating phone system equipment at your business. Blackfoot owns, hosts and maintains the equipment.*

3 *FREE on-network calling which reduces your phone service costs for remote offices or at-home workers.*

4 *Unified messaging which allows voicemail and faxes to be sent directly into your computer's email in box.*

5 *Simple Administration which allows you to manage your phone system's unique configuration and features from your PC.*
