## 2019 FEDERAL UNIVERSAL SERVICE FUND ANNUAL CERTIFICATION

CUSTOMER INFORMATION			
Legal Name		499 Filer ID	
<p>As providers of interstate telecommunications services (the "Services"), the Blackfoot family of companies ("Blackfoot") are required to contribute to the Federal Universal Service Fund (FUSF), based on their sales of those Services. In turn, the Federal Communications Commission (FCC) permits Blackfoot to recover its FUSF contributions from the purchasers of these Services in the form of FUSF charges. In some cases, however, purchasers of Blackfoot Services may be exempt from paying FUSF charges under the FCC rules. This form is used to determine whether your company ("Customer") is subject to FUSF charges, and where applicable, for Customer to certify to Customer's exempt status. <b>If you mark exempt in either 1. or 2. below, by signing the form you are additionally certifying to the following statement:</b> <i>"I certify under penalty of perjury that my company is purchasing service for resale in the form of telecommunications or interconnected Voice over Internet Protocol service. I also certify under penalty of perjury that either my company contributes directly to the federal universal service support mechanisms, or that each entity to which I provide resold telecommunications is itself an FCC Form 499 worksheet filer and a direct contributor to the federal universal service support mechanisms."</i></p>
